RE: Fire Summit

INTRODUCTION

On February 4 of this year your board hosted a Fire Summit in Columbia. The idea was to bring the officers of various regional and statewide organizations together to discuss topics that seem to be of interest to many in the fire service.

DISCUSSION

The discussion was lively and the meeting resulted in consensus on moving forward on six (6) topics. Those results are attached.

The Board of Directors of the MAFC is very thankful for the frank discussion that took place and the ability of the leaders of Missouri's Fire Organizations to agree to move forward on a number of important needs for the fire service.

ACTION REQUESTED

Each of the six (6) topics is briefly outlined and has an organization and a contact person. The Board urges you to review the topics and, if you have insights on one or more topics to please provide that to the contact person.

In addition each of the topics will need some significant assistance in moving forward. If you are interested in getting involved in pursuing the topic, also make contact and let the individual know. Thank you.

If you have any other broad questions concerning this or other issues, please contact:
